Dr. Joseph Baldwin, author of School Management, says of the President, J. W. Terrill: "As a teacher and manager, he has few equals. His school at Huntsville impressed me as the best I had ever visited."

Dr. W. R. Rothwell, of William Jewell College, Mo., says: "Few men of his age in Missouri, or the West, have won and sustained a higher reputation as a successful, practical teacher and College President than Mr. Terriil."

Miss Mattie Estill graduated in Mary Sharp College in 1875, and that instiship shade esting gainated in Mary Sharp College in 1810, and that institution honored here with a position as teacher, giving to her work and scholarship much praise. Since then she has spent two gars in the Normal preparing herself for the grand work of teaching. She is a lady of fine ability, and an indefatigable student and worker. Her fine social qualities, her long training in Theory and Art of teaching, her scholarship, and her experience in actual work of the school-room, all combine to make her a very superior teacher. Her fitness, both natural and acquired, will be admitted by these who witness her work

Mis. Colie Terrill, Principal of Preparatory Department, has had an experience of twelve years in teaching primary branches and little children. Only after years of arduous study and training did she enter upon this work. Since 1876 she has taught in Winchester; and it will be admitted by all that she has lifted Primary Teaching to a higher plane of excellence, thus conferring lasting benefits on our youth and schools. In Primary Work she is without a peer, not only in Winehester, but, we believe, in this portion of the State.

Miss Bessie Beauchamp, of Texas, takes the place vacated by Prof. Wm.

has warranted the Faculty in purchasing new instruments throughout for her work in future. In this Department she will compare favorably with teachers Miss Mamie French takes charge of an Art School in the Normal. This is a new and valuable feature to which we call especial attention.
